Jaicer

When designing Jaicer, we set out to create a simply beautiful chair that was constructed entirely from wood. Jaicer has been created to work across a multitude of environments; be it for ad hoc use in a contemporary workplace, or as an elegant statement in a meeting room or café.

2.

Nuno

Born out of a desire to approach a traditional design typology, this multi-purpose stacking chair's defining characteristic is the use of the lamination itself as a structural component, whereby the leg frame and the seat are integrated and interdependent providing strength.

3.

Scoop

Visually minimal, Scoop is simple, compact and clever. Clever because each item can stack, be it a chair, armchair or stool. Simple construction tubular steel frames and pressed ply seats with their unique character give Scoop a freshness over and above existing mono shell designs on the market.

4.

Curve

Curve offers a high level of comfort and shape, whilst uncompromising on style and function. This stacking chair and stool have a slender chrome wire frame that complements the elegant, balanced ply form, available in both side chair and armchair versions with the additional option of a high stool.

5.

Axyl

Axyl is a seating collection offering a sophisticated combination of recognisable elements. Comprising of an arm chair and stool, Axyl utilises a strong geometric design language that is entirely original yet draws on familiar references to create a range of highly functional seating.
